

## 2nd Assignment: Network Protocols and Architectures WS 11/12

### Question 1: (50 + 20 = 70 points) *Talk Summary*

During the week from Oct 31st to Nov 4th there will be no NPA lecture. Instead, we invite you to attend the Leibniz lecture<sup>1</sup> (register online<sup>2</sup>) on Monday, Oct 31st. Alternatively, or in addition, you are invited to attend selected presentation sessions at this year's ACM SIGCOMM Internet Measurement Conference<sup>3</sup> (IMC), held at TU Berlin, main building, no registration needed. Pick one out of the following sessions:

- Wednesday, Nov 2, 9:15–10:30: Measuring Network Outages and Infections
- Wednesday, Nov 2, 11:00–12:30: Privacy and Trust
- Thursday, Nov 3, 14:00–15:30: Web Traffic Revisited

- (a) Summarize the talk you attended briefly (minimum half a page, maximum one page). If you attend an IMC talk session summarize only one talk out of three.
- (b) Briefly state your impression of the attended talk, your open questions, or critique.

**Due Date: Thursday, November, 10th 2011 only until 13:55 h s. t.**

- **As PDF files (no MS Office or OpenOffice files):** Uploaded via ISIS (<https://www.isis.tu-berlin.de/course/view.php?id=5258>)
- **On paper:** Postbox in the Telefunkenhochhaus (basement, behind the doorman right)
- Put your name, StudentID number (Matrikelnummer) **and** the name of your tutor on your solution.
